IS RADON GAS IN YOUR HOME?

40% OF HOMES TESTED IN EAGLE COUNTY HAVE HIGH LEVELS OF RADON

RADON CAUSES **21,000** LUNG CANCER DEATHS PER YEAR IN THE U.S.

Radon is an odorless, colorless and radioactive gas that gets into buildings through cracks in the floors and walls.

GET A FREE HOME TEST KIT

Program Highlights

- ▶ Shaw Cancer Center is distributing kits again during radon action month!
 - ▶ They paused in 2021 and 2022 due to Covid
- ▶ We have contacted **949** people about high radon levels since we started the program
- ▶ Follow-up reminders to people who have not done the test they picked up helps to keep our return rate higher
